Settlement -  Task Order 1

50X1

50X1

1. Development of the AP-3 and PS-10 power supplies was conducted under the subject contract. Due to an unforeseen change in power output specifications, the design was no longer useable and the contract was terminated. As described in the attached reference, final settlement negotiation has determined the need for additional funds and has established an inventory list of residual material.

2. Forwarded herewith is Requisition No. MSB 60-625 indicating that the allotment to be charged is 0179-0010-0000 and that additional funds in the amount of \$1,573.00 have been encumbered for this project. All residual material should be shipped to the following address:

50X1

3. There is no further work planned with this contractor for the immediate future. Termination of the basic contract will be at your discretion. The cognizant project engineer is
